February 2016

CLYDEBANK LEISURE CENTRE

Clydebank, Glasgow

Located in the heart of Clydebank's shipbuilding industry in Queens Quay, you will find the state of the art four storey Clydebank Leisure Centre. As a key part of West Dunbartonshire Council's regeneration strategy, the building facilitates a 25m swimming pool as well as a teaching and leisure pool complete with waves and flumes. There is also changing facilities, a café, multi-purpose sports hall that has retractable seating alongside a fitness suite and dance studio.

We installed 1500m² of Paralon Felt Warm Roof, including Tata Steel Structural Decking. The wall cladding consisted of 3000m² of Eurobond Rainspan panels with an Aluminium Anodised 200mm wide Secret Fix Vertical Cladding Plank.
